

Farm Performance Assessment

About Agrista

Agrista is a national agricultural consultancy based in Wagga Wagga, with team members across New South Wales, Queensland, and Uruguay.

We have heavily invested in delivering a consistent methodology that is widely accepted as the industry standard for reporting measurements that matter.

Agrista offers a number of services aimed at improving farm profitability and growing wealth.

“In the ongoing search for growth, it’s important to understand exactly where the targets are when pushing productivity and profitability. Our work with Agrista facilitated a thorough planning and evaluation of our farm system. By using actual performance and benchmark data, it enabled us to have robust discussions and model scenarios for improved outcomes. The experienced Agrista team has given us confidence in the path forward and we consider our ongoing work with them as a sensible and valuable investment.”
