

... farm performance assessment

ABOUT AGRISTA

Agrista is an agricultural consultancy based in Wagga Wagga, with team members across New South Wales, Queensland and Uruguay.

We have invested heavily in developing a consistent, evidence-based methodology that is widely recognised as an industry standard for measuring and reporting the performance.

Our focus is simple: helping farm businesses improve profitability, strengthen performance and grow wealth.

Agrista offers a range of practical services designed to help farmers better understand their business, identify opportunities and make informed decisions for the future.

The Locke Family, “Fairview” Holbrook NSW

“In the ongoing search for growth, it’s important to understand exactly where the targets are when pushing productivity and profitability.

Our work with Agrista facilitated a thorough planning and evaluation of our farm system. By using actual performance and benchmark data, it enabled us to have robust discussions and model scenarios for improved outcomes.

The experienced Agrista team has given us confidence in the path forward and we consider our ongoing work with them as a sensible and valuable investment.”

1

THE STARTING POINT

The farm performance assessment is the starting point. It allows Agrista consultants to understand your business, enterprises and systems. The KPI's used give a quantifiable measure of the business's performance.

ONBOARDING

The Agrista team is available to assist you with entering your farm data into the supplied input. This can be face-to-face or via video call.

2

The Agrista team is available to assist you with consultations throughout your journey. This can be face-to-face or via video call.

3

REPORT INTERPRETATION

After receiving the Farm Performance report there is an option to have an Agrista team member provide an interpretation of your report.

ANALYSIS & RECOMMENDATIONS

We offer a 1 day consultation to analyse and review your data and provide recommendations.
